

ELIXIR™

EarthGuard ELIXIR is a highly effective product line that maximizes vegetation and invigorates root systems.

- Includes micronutrients that support soil growth.
- Stimulates biological activity and adds biodiversity.
- Increases root and plant development, water retention and seed germination.

Effective For:

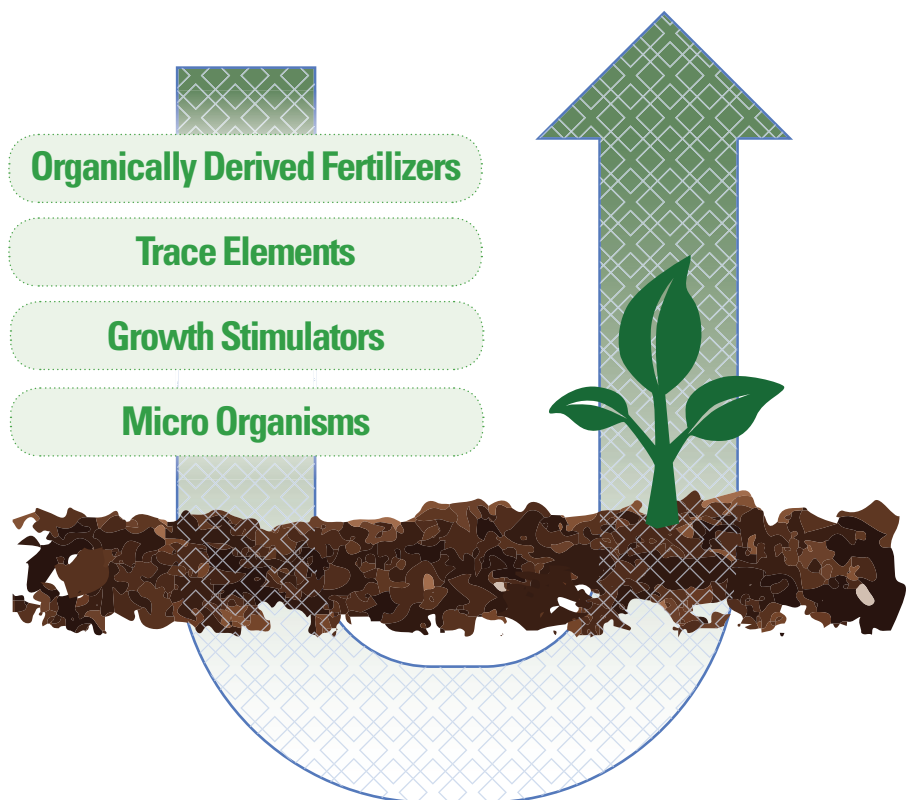

- Oil and gas sites
- Post fire reclamation
- Soil reclamation
- Re-vegetation
- Landfill closures

Increase the benefits of ELIXIR by using it with EarthGuard ORGANIX™, Terra Novo's popular topsoil replacement. ORGANIX is the fastest and most economical way of achieving rapidly developing and sustainable topsoil.

EarthGuard ELIXIR™ is part of Terra Novo's soil-building product line. It provides organically derived fertilizers, trace elements, growth stimulators and microorganisms that are essential for sustainable vegetation and combine to resolve soil deficiencies.

A fully-organic product, EarthGuard ELIXIR provides all of the necessary nutrients needed to maximize plant growth, and helps to replace nutrients lost in situations including:

- Equipment compaction
- Land tilling
- Topsoil removal
- Overuse of chemical controls
